Simanka

The Balloon

Once upon a time there was a little country and in it lived a little family in a little house. In the family there was a mom, a dad, 2 brothers Leo and Teo and a little sister Katie. Katie had a big dream and she had been dreaming about it since she was a little girl. That dream was about becoming an inventor someday. She wanted something impossible like everyone said. She was always disappointed with it but she didn't give up and kept dreaming. As the years went by Katie grew and grew until one day she reached her 12th birthday. However, Katie wouldn't dream of abandoning her long-held dream. She dearly wished she had a friend with whom she could realize her dream, even though she knew she would not find one or realize her dream. Her mother told her that her party was about to start. So Katie went to her room to get dressed. In a few minutes Katie came downstairs from her room wearing a beautiful blue dress. She looked like a princess in them. Her hair was tied up in a huge dreadlock made of model ribbon. And the freckles on her nose were shining. She helped her mother in the kitchen and the party could begin. The guests were arriving and the house began to fill up. Now the celebration could finally begin. Everyone started singing and then Mom brought the cake from the kitchen. And then the presents started to be given. Katie got a lot of interesting presents but none pleased her as much as the one from Jack. Jack is Katie's classmate from school. The journal she got from Jack had a blue soft cover and had the letters DIARY in gold on it. She decided to write in it every day. It was her first diary. She was very excited, so she started writing in it that evening. She named the diary: Sofi. Dear Sofi, I'm so glad I got you. I would like to confide in you my big dream. And the dream is that I would like to become an inventor and build the biggest hot air balloon on which I would travel around the world. Then she put the diary down and fell asleep contentedly. The next day as soon as she woke up she went to the kitchen to help her mom with breakfast. Then they all had breakfast together and went their separate ways. Katie went to her room to get her diary and went for a walk in the meadow. She wanted to draw a view from a bench that only she knew about. Katie also went to art school and liked to draw. The walk didn't take long but something held Katie up. It was a tree so big it really amazed her it was a beautiful sight. So when she saw a bench nearby she sat down on it and started to draw. She really enjoyed it and felt great. Lunch time came and Katie went back home. She had to go home early to help her mom with lunch. Then lunch was ready everyone ate and went their separate ways again. Katie went to her room and lay down on her bed. She fell asleep.

When she woke up she found that it was already noon and she had to study for school tomorrow. So she studied and studied and studied until evening then went downstairs for dinner ate and then went out for another evening walk. During the walk Katie thought about how to make her dream come true but nothing came to mind so she went home. Katie was already in bed and just thought she would write today in her diary. And she started to write: Dear Sofi today was a very nice day and I decided to share it with you. This morning I got dressed and helped my mother prepare breakfast, then I ate went out because I wanted to draw a view in the meadow, but then something caught my eye. I was a huge tree and it was so beautiful that I drew it. I think that's all I have from this day. Good night. Then Katie took a nap and fell a sleep. Tomorrow was a new day for her. Katie was still dreaming about her dream. She thought she had already achieved it but just then she woke up to her mom banging on the door saying "Katie Mary Even you overslept for school for half an hour your alarm clock rang you should have been there by now!" her mom sometimes got so angry with Katie that Katie was scared of her too. Katie got dressed as quickly as she could and went to apologize to her mom. But mom didn't want to talk to her. All she said to her was this "get your snack and go to school!" Katie didn't hesitate and quickly ran away. But then she realized she hadn't take her school bag! She said to herself "F*** you" and walked back home with a not so happy smile. When she saw her mom staring at her she tried to hurry up a bit. After a while Katie came out of the house not in a very good mood but at least she had a good night's sleep. But then she realized she had already missed the bus so she walked. But the journey was quite long so she had to run to be on time. When she got to the classroom she found she had made it but she was quite sweaty so she wiped her forehead with her handkerchief so no one would notice. And she studied and studied and studied all day until finally it was time for lunch. So she ate and went home where she was probably waiting for a spanking from her father. When she got home she was surprised that ^{dad} wasn't home yet, so she slipped past the kitchen where mom was making dinner and then ran upstairs to her room and locked the door behind her. A little later she heard her brothers coming back from school and heard her mother say to them "Daddy will be at work until tonight and there's some trouble. And so a few days passed until something happened that turned Katie's whole life around.....

autor: OLIVIA Macík a Sofián

Sofián dostal na začiatku leta svetlohnedého, mäkkučkého medvedíka. Bol to jeho narodeninový darček, aj keď chcel pôvodne rytiersky hrad vyrczárany z dreva. Medvedík sa veľmi dobre pamätal na tento deň. No najprv sa Sofián veľmi tešil, s rodičmi spoločne ozdobil stromček lebo už bolo po Vianociach a zrazu prišiel deň a Sofián sa musel presťahovať aj s rodičmi no a ten deň im nebalili veci na koč a na vrch položili tohto macíka, lenže koč hrkol o kameň a macík vypadol. Keď sa to Sofián dozvedel s ocinom sa tam išli pozrieť ale nenašiel ho tam. A tak jeden deň tam prechádzal anjel a našiel macíka na ceste a tried' letel najst' majtela' a na stĺpc bol oznam o macíkovi našiel no ňom, že patrí Sofiánovi. Na druhý deň keď sa zobudil (ACU)

3D TLAČIARENĚ

3D TLAČIARENĚ je niečo ako
normálna tlačiareň, iba že tlačí v 2D
a 3D tlačiareň tlačí v 3D.

3D tlačiareň nepotrebuje papier
ale plastovú šnúru (PLA Filament)
ktá postupne vtahuje motorček

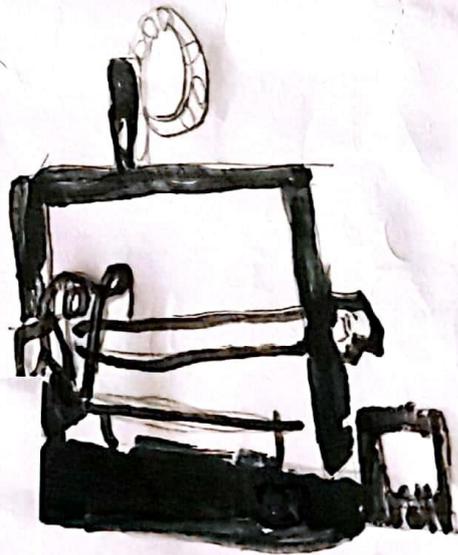

3D tlačiareň tlačí podľa kódu.

Čaro Vianoc

SOFI

Boli dve sestry. Jedna sa volala Laura a druhá Linda. Laura mala 10 rokov a Linda 9.

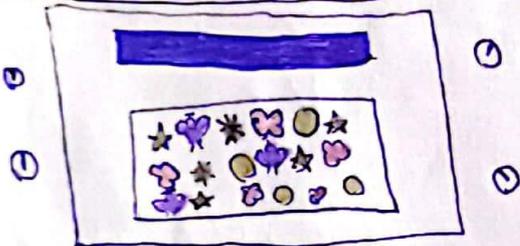

Ich obľúbený sviatok boli Vianoc. Najradšej zdobili stromček.

Vždy pomáhali aj s pečením medovníkov.

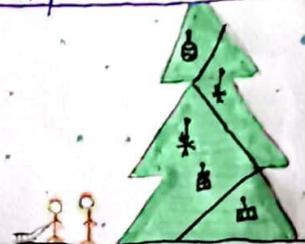

Spravili ich veľa a upiekli ich.

Potom išli von na prechádzku.

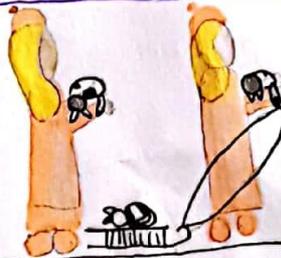

Vyšli na námastie, kde bol veľký žiarivý stromček a pod ním.....

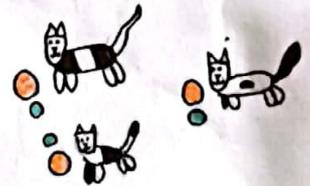

Malinké mačiatka! Všetky sa trúsli.

Vzali ich a kráčali s nimi domov.

Domov dali mačiatkam napit a najesť a hneď im bolo lepšie.

Potom si mačiatka ľahli na vankuš a zaspali.

Zaspali aj Laura a Linda.

Ráno sa zobodili a boli viano.

Mali veľa darčiekov ale najviac sa tešili že zachránili malým mačiatkam život. Po dlhom čase z nich vychovali nádherné mačky. A preto nie len na vianoc ale aj po celý

rok, by sme mali myslieť na tých čo to potrebujú ale aj na tých čo nie.
